

ARROWMONT

SCHOOL OF ARTS AND CRAFTS

Medium: Glass

Instructor: Moe Aderman

Dates: April 3-6, 2025

COURSE DESCRIPTION

In this workshop, students will learn about fusing glass through a fun exploration of color and design. Students will explore both full and tack fusing to add layers and dimension to their glass pieces. For that extra interest and fun, students can work with glass frits, stringers and rods. Students can make ornaments for the occasion of their choice - imagine a beautiful glass flower hanging in your kitchen window, a glass candy corn, or perhaps you would like to give a friend a holiday gift to hang on a tree. Each student will each go home with multiple beautiful, fun, and unique pieces of glass art. This class is a great way for students to learn about fusing glass, explore new skills, and express their creativity in glass. All skill levels welcome.

WHAT TO BRING

- Sharpie Marker - Black
- Sharpie Marker - Silver
