SCHOOL OF ARTS AND CRAFTS

Medium: Woodworking

Instructor: Elizabeth Weber and Scarlet Rouse

Dates: June 28 – July 3, 2026

## COURSE DESCRIPTION

Students in this workshop will learn how to design and build their own bandsaw box - a sculptural, functional piece perfect for storing treasures or showcasing woodworking artistry. This workshop will begin by exploring a variety of bandsaw box forms and design possibilities, then move step-by-step through the cutting, shaping, and reassembly process. Students will refine their box with carving and surface texturing techniques that add depth, character, and a personal touch. Once the form is complete, students will dive into color exploration using milk paints and acrylics to layer and blend color for beautiful, tactile, and durable surfaces that highlight the craftsmanship of the objects. By the end of the workshop, students will leave with several completed bandsaw boxes and the skills to continue experimenting with form, texture, and color in their own studio.

## WHAT TO BRING
