

ARROWMONT

SCHOOL OF ARTS AND CRAFTS

Medium: Woodworking

Instructor: Keunho Peter Park

Dates: August 9-14, 2026

COURSE DESCRIPTION

This workshop will lead students through building, shaping, and texturing wood to create their own personalized, dinner table-sized centerpiece vessel. Students will learn a specialized coopering-like glue-up method, a fun alternative that uses tape and rubber bands instead of traditional clamps to assemble many smaller pieces of wood from a flat board. To explore more organic and free-form shapes, this workshop will provide hands-on instruction in how to safely and properly use a variety of tools. This includes hand shaping tools (gouge, rasp, file, scraper) and power carving tools (angle grinder, die grinder, jointer, circular saw, band saw). Students will leave this workshop having created a unique, structurally complex, and personally textured vessel.

WHAT TO BRING

- Ear Plugs -

MATERIALS FEES | **\$180.00-\$250.00**

Fees are assessed on an individual class basis and may vary from class to class depending on the amount of materials used and the number of students in the class, this keeps your out-of-pocket costs lower than a typical flat fee. Fees include all provided studio materials as assigned by the Instructor. Material fees are to be paid in the Supply Store no later than midday on the last day of workshop instruction.

Please be advised that the above course description and materials list has been written and approved by the instructor.
